

NORDKINN

— ASSET MANAGEMENT —

Nordkinn Fixed Income Macro Master Fund

OFFERING MEMORANDUM

1. GENERAL INFORMATION

NOTE: This is a free translation of the Offering Memorandum of Nordkinn Fixed Income Macro Master Fund in Swedish. For any deviations, the Swedish version shall prevail.

This Offering Memorandum has been prepared in accordance with the Swedish law (2013:561) Act on Alternative Investment Funds (Sw: Lagen om förvaltare av alternativa Investeringsfonder, hereinafter "LAIF") – and the Swedish Financial Supervisory Authority Directive ("FFFS 2013:10") (hereinafter "FI").

This Offering Memorandum refers to the Nordkinn Fixed Income Macro Master Fund (the "Fund"). The Fund is a Special Fund according to 1st Chapter, 11§, p.23, LAIF. The Fund is managed by Nordkinn Asset Management AB hereinafter referred to as the Manager or the Company. The Manager is under the supervision of FI.

Special Funds are not governed by the EU Directive for Mutual Funds and Fund Statutes are in general less restrictive. By FI, the Fund has been granted exemptions from some of the restrictions that apply to Mutual Funds. These are stated in the Fund Statutes, which are part of this Offering Memorandum.

The Fund's management differs from traditional Fund management regarding both investment objectives and policy and risk management, which are described in more detail under "Investment Objectives" in this Offering Memorandum.

The Offering Memorandum contains the following parts:

- 1) General information
- 2) Subscription and redemption
- 3) Other information
- 4) Investment Objective and Policy
- 5) Sustainability overview
- 6) Sustainability information

AIF Manager

Name: Nordkinn Asset Management AB
Company Registration Number: 556895-3375

Date of incorporation

11 October 2012

Legal structure

Swedish Private Limited Liability Company

Share capital

SEK 1 250 000

Registered office

Stockholm

Board of Directors

Tor Bechmann, Board Chairman (independent)

Tor Bechmann is Chairman of Nordkinn Asset Management. He is an attorney-at-law and partner at Tenden Advokatfirma ANS in Norway. With 20+ year's industry experience, he is a specialist within M&A transactions and commercial law in particular.

Before joining Tenden in 2005, he worked for law firm Wikborg, Rein & Co., the Oslo Stock Exchange and PWC in Oslo and London.

Mr. Bechmann holds a Master's Degree in Law from Oslo University in Norway from 1997.

Mr. Bechmann has been Chairman of the Board since launch 2012.

Christer Franzén, Board Member (independent)

Christer Franzén is an independent board member of Nordkinn. As Chief Investment Officer at Ericsson Pension Fund, his extensive asset management experience stems from having been active in the financial markets in Sweden and in the US since 1986.

Mr. Franzén holds a Bachelor's Degree in Economics and Business Administration from the University of Örebro in Sweden from 1985 and has also carried out financial studies at Southern Methodist University – Cox School of Business in Dallas US.

Mr. Franzén has been member of the Board since launch 2012.

Eva Redhe, Board Member (independent)

Eva Redhe is an independent board member of Nordkinn. Having worked with some 25 companies in board capacity in particular, her career is rooted in business experiences stretching over 30 years.

After joining Investor AB in 1988 she left to found Mercurius Financial Communications in 1994, lead a legal case at the European court of human rights in 2002, initiated the Skandia class action suit in 2003, and spent from 2004 four years as CEO and later Executive Chairman of Erik Penser Bank. From 2008 she has focused on board assignments and her private investments.

Besides Nordkinn, Ms. Redhe is member of the Boards of ftrack AB (Chair), Axel Christiernsson International AB and AP 1 (First Swedish National Pension Fund).

Ms. Redhe holds a Master's Degree in Economics and Business Administration from Stockholm School of Economics since 1988.

Ms. Redhe has been member of the Board since 2018.

Emma Ihre, adjunct board member, Investor Ombudsman (independent)

Emma Ihre is Investor Ombudsman at Nordkinn and an independent adjunct board member representing the interests of Nordkinn's unitholders. She has been specialising in sustainability in the financial markets since 1998.

Ms Ihre is since 2014 Head of Sustainability at Mannheimer Swartling Advokatbyrå AB. Prior, she served as Head of Sustainable Business at the Swedish Ministry of Finance and was responsible for integrating sustainability into the governance of state-owned companies, as well as Head of Engagement at Ethix SRI Advisors.

Besides Nordkinn, Ms Ihre is member of the Board of Global Compact Sweden, Smarta Samtal and AP7 (Seventh Swedish National Pension Fund).

Ms. Ihre has a Bachelor's Degree in Economics and Business Administration from Stockholm University from 1998.

Ms. Ihre has been adjunct member of the Board since 2017.

Erik Eidolf, CEO and Board Member

Erik Eidolf is one of the founding partners and CEO of Nordkinn. He has been engaged in the Hedge Fund industry since 1998.

Prior to Nordkinn Mr. Eidolf founded Harcourt Investment Consulting AG's Nordic business, with dual objective to cover research on locally based hedge funds as well as business development. Mr. Eidolf is chairman of "UN's Principles for Responsible Investments Hedge Fund Working Group" for macro-

funds and member of the Sustainability Group for the Swedish Financial Analysts Association.

Mr. Eidolf holds a Master's Degree in Economics and Business Administration from Umeå University in Sweden from 1999.

Tom Farmen, Board Member

Tom Farmen is one of the founding partners of Nordkinn and Head of Risk Allocations.

Prior to Nordkinn Dr. Farmen was Senior Portfolio Manager and Head of Cash Management at the Central Bank of Norway, managing the most liquid part of the Foreign Exchange reserves. Dr. Farmen commenced his career at NBIM (Norges Bank Investment Management) in 2005 as fixed income portfolio manager.

Dr. Farmen received a PhD in Corporate Finance (credit risk and investment strategies) from the Norwegian University of Science and Technology in 2006. He also holds a Bachelor's Degree in Finance from Strathclyde University in Scotland (1999), a MBA (International) from Griffith University in Australia (2000) and a Bachelor's Degree in Political Science from Oslo University (2013).

Ronny Eriksson, Substitute Board Member

Ronny Eriksson is one of the founding partners of Nordkinn and Investment Manager.

Prior to Nordkinn Mr. Eriksson held various positions within Ericsson Treasury, where he most recently was a Senior Dealer with co-responsibility for managing the group treasury portfolio, including its FX-forward portfolio, with main focus on Nordic and G3 fixed income and FX.

Mr. Eriksson holds a Master's Degree in Economics and Business Administration from Umeå University in Sweden from 1999.

AIF Manager's Executives

Erik Eidolf, CEO

Ronny Eriksson, deputy CEO and Investment Manager

Tom Farmen, Head of Risk Allocation

Alexander Melsom, CEO Oslo Branch and Investment Manager

Anders Haller, Investment Manager

Bjørn Roger Wilhelmsen, Chief Economist and Investment Manager

Auditor

Ernst & Young AB is Auditor for the Company and the Fund. Principal auditor is the certified auditor Jesper Nilsson, partner at E&Y AB. The Auditor, among other duties, audits the accounts on which the annual report are based.

The Manager manages the following funds

The Fund is part of a master feeder structure where investments in the Fund is solely enabled through the following feeder funds:

Nordkinn Fixed Income Macro Fund (SEK) A
 Nordkinn Fixed Income Macro Fund (NOK) B
 Nordkinn Fixed Income Macro Fund (EUR) C
 Nordkinn Fixed Income Macro Fund (SEK) D
 Nordkinn Fixed Income Macro Fund (NOK) E
 Nordkinn Fixed Income Macro Fund (EUR) F
 Nordkinn Fixed Income Macro Fund (USD) G
 Nordkinn Fixed Income Macro Fund (GBP) H
 Nordkinn Fixed Income Macro Fund (SEK) I

All funds managed by the AIF-Manager listed above are established in Sweden.

Outsourced functions

Delegated functions

The AIF-Manager has entered into an agreement with PricewaterhouseCoopers AB for the provision of internal audit services.

The AIF-Manager has entered into an agreement with FCG Risk & Compliance AB, for the provision of external compliance services.

The AIF-Manager has entered into an agreement with FCG Fonder AB for the provision of external risk management services.

The AIF-Manager has entered into an agreement with Wahlstedt & Partners AB, delegated to Wahlstedt Sageryd Financial Services AB, for the provision of fund administration services.

The AIF-Manager has entered into an agreement with Wahlstedt & Partners AB for the provision of fund valuation services.

Potential conflict of interests related to outsourcing of functions

The board of directors investigates on an ongoing basis how conflict of interests shall be avoided and if such are detected, how they should be remedied.

The members of the Board has identified a potential conflict of interest in that the AIF-Manager has outsourced both the fund administration and the valuation to Wahlstedt & Partners AB. As Wahlstedt & Partners AB has delegated the fund administration to Wahlstedt Sageryd Financial Services AB, the valuation thereby will be functionally separated from the fund administration services, it is the members of the Board's assessment that the risk for a conflict of interest to occur is mitigated. Further, the fund administration services do not include any form of decision influence with regards to portfolio management, valuation or risk management in the manager or in the Fund.

As there is no interaction between the divisions within Wahlstedt & Partners AB regarding the services (i.e. the divisions are independent in relation to each other), the members of the Board believe that the potential conflict of interests are dealt with and prevented effectively. The members of the Board thereby make the assessment that the Fund's unitholders will not be negatively affected by the outsourcing functions performed by Wahlstedt & Partners AB and Wahlstedt Sageryd Financial Services AB.

Custody

Skandinaviska Enskilda Banken AB (publ) ("SEB") is Custodian for the Fund. The Custodian is based in and has its head office in Stockholm. SEB is a leading Nordic financial services group.

Unitholder registry

On behalf of the AIF-Manager, Wahlstedt Sageryd Financial Services AB maintains the registry of all unitholders and their specific holdings in the Funds.

Prime Broker

SEB is the primary broker for the fund and the Company has entered into an agreement with SEB regarding the services that SEB will provide as primary broker and depository. The Fund's assets can be transferred to SEB, and SEB may also dispose of some of the Fund's assets as a depository.

The Board continuously investigates how conflict of interest is to be avoided and, in the event of conflicts of interest, identified how to handle them. At present, the Board has not identified any

potential conflicts of interest that may be actualized in relation to SEB as primary brokers.

Discontinuation or transfer of business

Should the AIF-Manager get its license from FI withdrawn, enters into liquidation, becomes bankrupt or would cease management of the Fund, the fund management activities shall temporarily be taken over by the Custodian. The Custodian may then transfer the Fund management activities to another AIF-Manager authorised by FI. Otherwise, the Fund shall be liquidated, the assets should be sold and the net proceeds shall be distributed to the unitholders. Public notice of this should be made in Swedish Post- och Inrikes Tidningar (the National Post Magazine) and be made available at the Custodian as well as at the AIF-Manager unless FI grants an exemption in the particular case.

Changes to the Fund Statutes

Changes to the Fund Statutes may only occur following the formal decision by the AIF-Manager's Board of Directors and is always subject to approval by FI. Following such changes being approved, these shall be made publicly available at the AIF-Manager as well as at the Custodian, and in addition be published in other formats and media as instructed by FI. These changes may affect the Fund's characteristics, such as fees and risk profile.

Tax rules

Tax rules for Swedish institutional and private unitholders are defined in the Swedish version of the Offering Memorandum. Tax rules for non-Swedish unitholders are subject to the tax rules of the domicile of the unitholders. Unitholders that are unsure about the tax implications are encouraged to seek advice from local tax expertise.

Capital base to cover for law suits

To cover for the risks of law suits due to faults or negligence in the business that the AIF-Manager conducts in accordance with Chapter 3, 1 § LAIF, the AIF-Manager has extra capital in its capital base.

Limitation of liability

The AIF-Manager is not liable, nor the Custodian, for any damages resulting from Swedish or foreign enactment, Swedish or foreign government action, acts of war, strikes, blockades, boycotts, lockouts or other similar circumstances. The reservation in respect of strikes, blockades, boycotts and lockouts shall also apply if the AIF-Manager or the Custodian is subject to or take such action. Losses incurred in other cases shall not be reimbursed by

the AIF-Manager nor the Custodian, if they have acted within normal diligence. The AIF-Manager and the Custodian shall under no circumstances be liable for indirect damage, unless the collateral damage has been caused by the AIF-Manager's or the Custodian's gross negligence. Nor shall the AIF-Manager or the Custodian be liable for any damage caused by unitholder or any other party violating law, ordinance, regulation or these Fund statutes. Unitholders are hereby made aware that they are responsible for that the information and documentation that they provide to the AIF-Manager is correct and duly signed and that they immediately must inform the AIF-Manager of any changes regarding the information provided.

The AIF-Manager and the Custodian shall not be liable for any damage caused by - Swedish or foreign - regulated market or market, custodial, central securities depository, clearing organization, or others providing similar services, nor of principal (outsourced function to third party) by the AIF-Manager or the Custodian. The same applies to damage caused by the above organizations or contractors becoming insolvent. The AIF-Manager and the Custodian shall not be liable for any damages incurred by the Fund, unitholders of the Fund or others as a result of the disposal restriction that may be imposed on the AIF-Manager or Custodian regarding financial instruments.

Should the AIF-Manager or the Custodian be hindered to fully or partially enforce action due to circumstances stated above, the action may be postponed until the obstacle is removed. If the AIF-Manager or the Custodian as a result of such a circumstance is prevented from executing or receiving payment, the AIF-Manager or the Custodian shall not be liable to pay penalty interest to the unitholder. Similar exemption from the obligation to pay interest exist also if the AIF-Manager under § 10 temporarily postpone the date of valuation, subscription and redemption of units.

The unitholder may in certain cases be entitled compensation rights, despite what is defined above, as defined under Chapter 8, 28-31 §§ and Chapter 9, 22 § LAIF.

Annual and semiannual reports and NAV

The AIF-Manager will create an annual report for the Fund within four months after year-end. The annual report shall free of cost be submitted to unitholders at request, as well as being available at the AIF-Manager and the Custodian.

The NAV is published at the AIF-Manager's website, but can also be published through other media.

2. SUBSCRIPTION AND REDEMPTION

Subscription and redemption

Subscription (unitholder's subscription) and redemption (unitholder's redemption) can be made on the last banking day of each month ("Trading Day"). Only the feeder funds, listed in General Information, may subscribe to the Fund.

Swedish "Banking Day" is defined as day in Sweden which is not Sunday or public holiday, or which is equivalent to a public holiday (such equivalent days are currently Saturdays, Midsummer Eve, Christmas Eve and New Year's Eve), and a day on which banks in Sweden are normally open for business.

The unitholder shall notify the Manager, or to the Distributor appointed by the Manager, about a subscription or redemption and the subscription amount. Submissions of subscriptions and redemptions may not be limited nor revoked unless the AIF-Manager would allow such.

Applications for subscription and redemption must be made on a special form provided by the Manager. The unitholder is responsible for ensuring that the form is duly signed, that the correct bank account number has been stated, that any other documentation required by the Manager at each time have been sent to the Manager or to the Distributor appointed by the Manager.

For redemptions, repayment of funds from the AIF-Manager to the unitholder will occur as soon as possible, but no later than ten Banking Days after the Trading Day. If funding of the redemption proceeds requires the AIF-Manager to sell financial instruments held by the Fund, such selling shall occur as soon as possible. Should such selling significantly harm the interests of the other unitholders, the AIF-Manager may after notification to the Swedish FSA postpone such sale.

The Manager is also able to temporarily postpone the Trading Day at subscription.

Cut-off time for subscriptions and redemptions

Subscription notice shall be submitted to the AIF-Manager four Banking Days prior to the Trading Day, no later than 3pm (15.00) Central European Time. Payment for the units shall be available on the Fund's bank account no later than four Banking Days prior to the Trading Day. Should a subscription notice arrive after the defined cut-off time, or if payment is not available on the Fund's accounts within the stipulated time, the AIF-Manager will execute such subscription notice at the subsequent Trading Day.

Redemption notice shall be submitted to the AIF-Manager four Banking Days prior to the Trading Day, no later than 3pm (15.00) Central European Time. Should a redemption notice arrive after the defined cut-off time, the AIF-Manager will execute redemption notice at the subsequent Trading Day.

Subscription and redemption price

Subscriptions and redemptions are based on the NAV (net asset value) of the Fund at the Trading Day. The NAV at the Trading Day is not known when the request for subscription and redemptions are provided to the AIF-Manager.

The AIF-Manager has the possibility to temporarily suspend the calculation of the subscription and redemption price.

Other

The Net Asset Value of the fund is published on the Manager's homepage www.nordkinnam.com

Extraordinary circumstances

In the event of extraordinary circumstances that would result in an inability to sufficiently evaluate the Fund's assets and thereby not securing the unitholders equal rights, for example as a result of a market or several markets in which the Fund trades are fully or partially closed, the AIF-Manager may, upon notification to the Swedish FSA, postpone the date of the calculation and publication of the NAV, defer the Trading Day as well as the calculation of the subscription price or redemption price, until trading has been resumed.

3. INVESTMENT OBJECTIVE AND POLICY

About the Fund

Nordkinn Fixed Income Macro Master Fund is an absolute return fund with the objective of creating and preserving value for its unitholders, to produce stable risk-adjusted returns regardless of direction of the equity, fixed income, currency and commodity markets.

Through local expertise, specialisation and presence, the focus in the management of the Fund is the Nordic capital markets, but the Fund also acts on other OECD markets. In the management of Fund, there is an emphasis on fixed income markets, but the Fund has also the ability to diversify risks through positions in the equity, currency and commodity markets. At least 50 percent of its value shall at all times be invested in fixed income related financial instruments.

In order to achieve its absolute return goal, the Fund has less investment restrictions than those of mutual funds, such as the ability to make more use of derivatives, leverage and short selling. This enables the Fund to exploit desirable risks, to neutralize undesirable risks, combining directional and non-directional positions and thereby effectively manage the Fund's overall risk exposure.

Information sharing, communication and transparency towards the unitholders of the Fund is central in the management of the Fund.

More information regarding the Nordkinn Fixed Income Macro Fund can be found in the fund's fact sheet (KIID) and offering memorandum which can be retrieved at www.nordkinnam.com.

Past performance

For previous results, reference is made to the monthly reporting for each feeder fund, as these represent the net return for unitholders.

Typical investor

The Fund is a master fund in a Master-Feeder Structure and is only open for subscriptions via the feeder funds listed in General Information.

Risk assessment method

The Fund's overall exposure is calculated using an absolute Value at Risk-model (VaR) with a parametric calculation method. The risk in the Fund may not exceed 20 percent. The calculation uses a time horizon of one month (20 Banking Days), and a confidence interval of 99 percent. This can be expressed as the Fund's monthly results 1 month out of 100 is expected to result in a loss of 20 percent or more. Should VaR exceed 20 percent, the AIF-Manager must as soon as possible ensure that VaR is reduced back to below 20 percent.

Risk profile

The AIF-Manager strives for the Fund's average level of risk utilisation, as measured by annualised standard deviation over a rolling twenty-four month period, to be 4 to 8 percent. It should be noted that the actual risk level may be exceeded or sub-seeded in unusual market conditions or extraordinary events.

The Fund's risk / reward indicator found in the Fund's fact sheet (KIID) is defined as risk category 3, which means a lower risk of changes in net asset value of the Fund.

The Fund invests primarily in derivative instruments, government bonds, covered bonds that generally are characterized by low risk,

but also provide the possibility for higher returns. The indicator primarily reflects levels of appreciation and depreciation of the financial instruments that the Fund invests in.

The indicator in the Fund's fact sheet reflects the most important risks in the Fund, but not the following risks:

Counterparty risks: occurs if a counterparty fails to fulfil its obligations to the Fund, for example, by not paying an agreed amount or do not deliver the securities as agreed. The Fund uses CSA (Credit Support Annex) agreements in order to minimize the credit risk on the Fund's counterparties.

Liquidity risk: arises if a portion of the Fund's assets is difficult to sell at a certain time or at a reasonable price. Liquidity risk is mitigated by the investment restrictions imposed by the Fund's risk mitigation systems. Repo facilities and credit lines are also included in the Fund's structure in order to ensure good liquidity in the Fund.

Operational risks: are risks of losses due to e.g. system breakdowns, faults caused by human error or external events.

Derivatives risks: The Fund may use derivative instruments whose value depends on the value of underlying assets. Minor price fluctuations of these can result in large price movements in the derivative.

Leverage

In accordance with the Fund's Fund Statutes, the Fund may use financial leverage as part of its investment strategy to generate returns and streamline its management.

Financial leverage arises through the use of different derivatives, repayment through repurchase agreements and leases. The company continuously evaluates and controls the risks associated with the techniques used to achieve financial leverage. This also includes regular stress tests and daily monitoring of established limits according to the company's routines.

Loans through repurchase agreements (repos), securities loans and derivative instruments such as options, futures and swaps occur. These types of instruments are used both in order to increase the level of risk in the Fund to strengthen opportunities for achieving higher returns, as well as to reduce the risk in the Fund to strengthen the potential for protection against fall in value. The types of risks raised or decreased primarily by these instruments are the Fund's market risk, liquidity risk and counterparty risk. The company also uses a limited amount of OTC derivatives in its management, which means counterparty risk, which is minimised through bilateral CSA agreements and traded under standardised ISDA agreements.

Pledged securities are transferred to the counterparty (transfer of title) according to standardised ISDA agreements. Should the counterparty not be able to return the collateral, the loss risk is limited by bilateral CSA agreements which involve daily netting of the Fund's total collateral against the counterparty.

Financial leverage may only be used to the extent that all risks associated with leverage use can be handled, the Fund does not violate its investment limits and that the Fund's risk level does not deviate from the Fund's risk profile or that the leverage exceeds the Fund's current VaR limit, calculated in accordance with the Fund statutes.

An alternative to VaR is to measure the Fund's financial leverage with the conversion of all underlying interest rate derivatives at an interest rate that corresponds to the duration of a 10-year bond. Based on this definition and according to the so-called commitment method as well as the gross method, the financial

leverage of the Fund is limited to 20 times the value of the Fund. Expected leverage is not to exceed 10 times the value of the Fund. For historical actual leverage, please refer to the annual and the semiannual reports for the Fund.

Reporting of risk and liquidity management as well as financial leverage

The information will be provided in the annual and the semi-annual reports of the Fund.

Fees

The Manager does not charge any fees to the Fund.

Other costs

Any transaction costs, such as taxes, delivery and other costs arising from the Fund's assets and the purchase and sale thereof, shall be borne by the Fund.

Information exchange and coordination

The Board is responsible for ensuring that the Company complies with the obligations arising from the LAIF and other regulations regulating the Company's business. In order to ensure that fund activities live up to this, the Board has established a purposeful organisation and internal rules for managing risks, as well as controlling and controlling operations. The work of well-functioning internal control and control includes the following elements:

- Clear division of responsibilities,
- Clear reporting lines,
- The principle of the three lines of defence,
- Independent functions for compliance and risk management, and
- Outsourced internal audit function

The Manager's internal rules are applicable for all funds managed by the Manager. The internal rules include, but is not limited to, appropriate measures in order to identify and manage conflicts of interest, including potential conflicts of interest that may arise between the Fund and the feeder funds and its unitholders.

The Manager does not charge the Fund any fees, no subscription or redemption fee nor any management or performance fee. The Fund is thus free of charges. Fees are only charged on feeder fund level. Unitholders in the feeder funds thereby avoid to be charged double layer of fees.

With the exception of investments in cash, as well as investments in derivatives for currency hedging in feeder funds nominated in other currency than SEK, the intention for the feeder funds is to be fully invested to the Fund. Provided that the feeder funds are fully invested to the Fund, the performance in the Fund and feeder funds will be similar. Deviation in performance between the funds is explained by any cash exposure in the feeder funds, fees charged to the feeder funds and costs for currency hedging in feeder funds with other denomination currency than SEK.

Specific procedures for communication between the Funds during any trade disruptions have been set by the Manager.

Equal treatment and legal consequences of an investment in the Fund

All unitholders of the Fund is treated equally as the units in the Fund are equal and have equal rights to the assets of the Fund.

The Fund falls under the Swedish jurisdiction and is subject to Swedish law. This means that the rules on recognition and enforcement of judgments in accordance with Regulation 2001/44

/ EC on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (Brussels I Regulation), the Convention on jurisdiction and the recognition and

enforcement of judgments in civil and commercial matters (the Lugano Convention), Regulation 1346/2000 / EC on insolvency proceedings (insolvency Regulation), the Convention between Denmark, Finland, Iceland, Norway and Sweden on Bankruptcy (Nordic bankruptcy Convention) or the New York Convention on the Recognition and enforcement of Foreign arbitral Awards (New York Convention) may be applicable.

4. SUSTAINABILITY OVERVIEW

Sustainability for Nordkinn

For Nordkinn, sustainability is a cornerstone in our efforts to continuously improve our business. Key for us is that integration of sustainability remains business-specific, i.e. explicitly adds value in the management of both the Fund and the company, so that the work results in concrete value for our unitholders, the market we act upon, as well as for the society as a whole.

Three perspectives govern Nordkinn in the implementation of sustainability;

The investor's perspective, where we safeguard the interests of the unit owner through, among other things, an Investor Ombudsman as a member of the board,

The perspective of investments, where we take responsibility for the effects of the investments we make on behalf of our Funds, as well as,

Society's perspective, where we work for sustainability in our industry in particular, among other things through our involvement in UN PRI (www.unpri.org) and SBAI (www.sbai.org).

Investor Ombudsman

In an effort to protect the interests of each investor in the Fund, Nordkinn has appointed an Investor Ombudsman to its Board of Directors. The Investor Ombudsman's mission is to represent the interests of the Fund's unitholders versus the Fund as well as versus Nordkinn as the AIF-manager of the Fund. Emma Ihre holds this role and her mission is to represent the interests of the unitholders towards the company.

In order to ensure full access to information and allowing an undivided focus in guarding the investors' interests, the Investor Ombudsman is an adjunct member of the Board. This provides two-dimensional benefits: Firstly, being treated as a permanent member of the Board, the Investor Ombudsman gets full access and complete insight regarding how the Fund and Nordkinn's business is operated, including the ability to monitor ongoing issues like equal treatment and management of conflicts of interests, etc. Secondly, being an adjunct member of the Board, the Investor Ombudsman has no legal obligations protect the equity shareholders' interests in Nordkinn, which the other members of the Board have according to the Swedish law.

On 27 January 2017, after the completion of required background checks, the Swedish Financial Supervisory Authority approved Emma Ihre as an adjunct member of Nordkinn's Board, and Emma subsequently became Nordkinn's Investor Ombudsman, a role she has held since. The Investor Ombudsman is formally also appointed as the Company's Complaints Officer.

For further information about the work conducted by the Investor Ombudsman and her latest Annual Report please refer to <https://nordkinn.se/sustainability/investorombudsman>

Sustainability in the investment process

Nordkinn resumes responsibility for the direct and indirect impact that we have on the capital markets, on individual companies and individual instruments in which we invest. For us, sustainability spans across issues such as sustainable financial markets, the environment, social conditions, respect for human rights and corruption. With efforts to apply principles of proportionality, i.e. steer our efforts to where we may impact most, we are inspired by the UN Sustainable Development Goals for 2030.

Our investable universe of instruments filters companies that are not considered to contribute to sustainable development, depending on how they operate as further described under the sustainability information section.

Sustainability in the ownership

Nordkinn does not invest in individual equities, which means that equity ownership measures in the form of e.g. voting at general meetings is not possible. But as a manager active in buying commercial papers with short duration within our liquidity management, our ambition is to conduct bilateral dialogues with companies, issuers and other market participants in cases where we see opportunity to make our impact for improvement.

Resources and commitments for sustainability

In order to properly govern and to optimise our sustainability efforts, we have established a Sustainability Steering Committee. It organises directly under our Board of Directors, meets at least quarterly and consists of three independent sustainability experts together with three Nordkinn employees. We also use ISS Ethix, an independent advisor within sustainability, for delivery of sustainability data and analysis.

To more broadly promote responsible investment and sustainable social development, Nordkinn is strong advocate for UN PRI and Standards Board of Alternative Investments (SBAI). By signing UN PRI in 2017, Nordkinn commits to implement sustainability aspects according to six principles for sustainable investment, see also www.unpri.org. Nordkinn is also since 2017 a signatory of SBAI and thus reports annually its compliance to SBAI's standards regarding transparency, integrity and sound corporate governance, see also www.sbai.org.

For further details on the manager's sustainability work, please see www.nordkinnam.com/responsibility.

5. SUSTAINABILITY INFORMATION

Following information is following the standard set by the Swedish Investment Fund Association for sustainability information.

- Sustainability aspects are taken into account in the management of the Fund.
- Sustainability aspects are not taken into account in the management of the Fund.

For Nordkinn, responsible sustainability spans widely over issues such as sustainable financial markets, the environment, social conditions, respect for human rights and counteracting corruption, and we are inspired, among other things, by the UN's Sustainable Development Goals for 2030.

Sustainability aspects taken into account in the management of the Fund

- Environmental aspects
- Social aspects
- Corporate governance aspects
- Other sustainability aspects

Methods used for the sustainability work

Positive screening

- Sustainability aspects are critical in the manager's choice of companies.

The Fund has specific and explicit criteria for positive selection of companies, based on environmental, social and business ethics issues. An analysis of the companies' sustainability work is critical to the selection of the companies in the Fund.

- The manager of the Fund take sustainability issues into account.

Sustainability issues are taken into account in the context of corporate economic analyses and investment decisions and play a part, but not necessarily a crucial one, in determining which companies are selected for inclusion in the Fund.

Other

- Other method of positive screening used by the Fund

Negative screening

The Fund does not invest in companies that are involved in the following products and services. A maximum of 5% of the turnover in the company in which the investment is made may entail operations attributable to the specified product or service.

Products and services

- Cluster bombs, landmines
- Chemical and biological weapons
- Nuclear weapons
- Alcohol
- Tobacco
- Commercial gambling operations
- Pornography
- Coal
- Uranium
- Arctic and deep sea drilling
- Oil sand

International norms

The Fund avoids investing in companies involved in violations of international norms and conventions (at least the UN Global Compact and OECD guidelines for multinational companies) in relation to the environment, human rights, labour practices, and business ethics.

- Companies where the Fund detects no willingness to change or where, in the opinion of the Fund, the companies will fail to get to grips with the problems within an acceptable timeframe are excluded for investment purposes.

Nordkinn's comments: This approach applies to our investments in corporate-related investments.

Countries

- For sustainability reasons, the Fund does not invest in companies involved in certain countries/interest-bearing securities issued by certain states.

Nordkinn's comments: Nordkinn does not invest in issues or currencies issued by countries with a corruption index below 50, ranked by Transparency International.

Other

- Other

The Fund does not invest in instruments issued by companies that, through their main business (exceeding 25% of sales), extract fossil fuels (oil, gas) or which, through their main activities (exceeding 25% of sales) extract energy from fossil fuels (oil, gas).

The Fund management company influences

The Fund management company exercises its investor influence to influence companies on sustainability issues

- In-house investor influence

Nordkinn's comments: Nordkinn only invests in interest-bearing securities and currency and therefore cannot exercise ownership influence in order to influence companies. At the same time, in cases where we invest in company-related interest-bearing instruments, we have the ambition to run a bilateral corporate dialogue when we see opportunities for improvement and thereby influence in a more sustainable direction.

6. FUND STATUTES

NOTE: This is a free translation of the Fund Statutes in Swedish. For any deviations, the Swedish version shall prevail.

§ 1 The Fund's name and legal status

The Alternative Investment Fund's name is Nordkinn Fixed Income Macro Master Fund, below the Fund. The Fund is a special Fund under the Swedish law (2013:561) for alternative investment Funds ("LAIF" – Lagen om Alternativa Investeringsfonder).

The Fund's assets are owned by the Fund's unitholders collectively. Each unit represents an equal right to the assets of the Fund. The Fund may not acquire rights nor assume obligations.

The AIF-Manager listed in § 2 represents the unitholders in all matters relating to the Fund, decides on the assets included in the Fund and exercises the rights deriving from the assets. The Fund is a so-called master Fund (Sw. specialmottagarfond) and is only open for subscriptions by the following special feeder Funds:

- Nordkinn Fixed Income Macro Fund (SEK) A
- Nordkinn Fixed Income Macro Fund (NOK) B
- Nordkinn Fixed Income Macro Fund (EUR) C
- Nordkinn Fixed Income Macro Fund (SEK) D
- Nordkinn Fixed Income Macro Fund (NOK) E
- Nordkinn Fixed Income Macro Fund (EUR) F
- Nordkinn Fixed Income Macro Fund (USD) G
- Nordkinn Fixed Income Macro Fund (GBP) H
- Nordkinn Fixed Income Macro Fund (SEK) I

The Fund business is carried out according to these Fund statutes, the Articles of Association of the AIF-Manager, LAIF as well as other applicable laws and regulations.

§ 2 AIF-Manager

The Fund is managed by Nordkinn Asset Management AB, company registration number 556895-3375, below the AIF-Manager.

§ 3 Custodian

The Custodian of the Fund's assets is Skandinaviska Enskilda Banken AB (publ), company registration number 502032-9081, below the Custodian.

The Custodian is responsible for overseeing the Fund's cash flows. The Custodian shall in particular ensure that all payments from the unitholders has been received and that all the cash in the Fund has been recorded on the accounts opened in the Fund's name, or the trustee or custodian accounts held in the name of the Fund. The Custodian shall also receive and keep the Fund's assets in custody. The Custodian shall execute the instructions made by the AIF-Manager regarding the Fund unless those instructions are in conflict to law, these Fund statutes, articles of association or equivalent regulation, and ensure that:

- sale, issue, repurchase, redemption and cancellation of units of the Fund are carried out according to law, these Fund statutes, articles of association or equivalent regulation
- the value of the Fund's units is calculated in accordance with law, these Fund statutes, articles of association or equivalent regulation
- compensations related to transactions involving the Fund's assets are paid into the Fund without delay, and

- the Fund's generated income is used in accordance with the law, these Fund statutes or articles of association or equivalent regulation.

§ 4 Characteristics of the Fund

The Fund is an absolute return Fund with the goal of creating and preserving value for its unitholders and thus exhibit stable risk-adjusted returns regardless of the underlying direction of the equity, fixed income, currency and commodity markets.

Through local expertise, specialization and presence, the focus in the management of the Fund is in the Nordic capital markets, but the Fund also acts in other OECD markets. In the management of the Fund, emphasis is put on fixed income markets, but the Fund has also the ability to diversify risks across equity, currency and commodity markets. At least 50 percent of the Fund's assets shall at all times be invested in fixed income related financial instruments.

In order to achieve its absolute return objective, the Fund has less investment restrictions than those of mutual Funds, such as the ability to make use of derivatives, leverage and short selling. This enables the Fund to exploit desirable risks, to neutralize undesirable risks, combining directional and non-directional positions to more effectively manage the Fund's overall risk exposures.

§ 5 The Fund's investment philosophy

§ 5.1 General

The Fund shall be managed in accordance with Chapter 5, Act (2004:46) on mutual Funds ("LVF").

The Fund may invest in the asset classes; transferable securities, money market instruments, derivative instruments, mutual Funds as well as deposits at credit institutions. The Fund may also hold cash related instruments needed for the Fund's cash management.

The Fund invests in financial instruments with an emphasis on the Nordic capital markets as well as across other OECD markets. At least 50 percent of the Fund's value shall at every occasion be invested in fixed income related financial instruments. The investment focus is otherwise not limited to any particular industry or financial instruments issued by a particular issuer, or the alike. The allocation between asset classes varies over time.

The Fund's assets shall be invested in accordance with LVF and in accordance with these Fund statutes. The Fund shall at all times apply the principle of proper risk diversification.

§ 5.2 The Fund's deviations from those of mutual funds

Transferable securities and money market instruments

The Fund may invest in transferable securities and money market instruments. The Fund's investments in transferable securities and money market instruments deviates from following investment restrictions in LVF.

- The Fund may, in deviation from Chapter 5. 6 § second section 1, and the third section in LVF place the entire Fund value, including the value of any leverage in the Fund, in transferable securities and money market instruments of a single issuer if they are issued or guaranteed by a government, a municipality or a government or municipal authority in an EEA country or by an intergovernmental organization of which one or more states within the EEA are members.
- The Fund may, in deviation from Chapter 5. 6 § second section 2, and the third section in LVF and Chapter 5.19 § first section 2 and 3 in LVF, place the entire Fund value, including the value of any leverage in the Fund in transferable securities and money market instruments from two issuers if they consist of debt securities issued under the Act [2003: 1223] of covered bonds or corresponding foreign debt. For investments in bonds and other debt securities, holdings may not be more than 40 percent of the instruments issued by a single issuer and the money market instruments not more than 25 percent of the instruments issued by any single issuer. The investment limitations for bonds, other debt instruments and money market instruments will not apply if the instruments are issued or guaranteed by a government, a municipality or a state or municipal authority in an EEA country or by an intergovernmental organization of which one or more states within the EEA are members.

Derivatives

The Fund may invest in derivatives as part of its investment strategy. Underlying assets to derivative instruments shall consist of or relate to any of the asset classes listed in Chapter 5. § 12, first section LVF. For investments in derivatives, the Fund deviates from the following restrictions in LVF:

- The Fund may, in deviation from Chapter 5. § 14 in LVF, have exposure to a single counterparty, which is a credit institute, on transactions with derivative instruments amounting to 20 percent of the Fund value.

Other investment constraints

The Fund may, in deviation from Chapter 5. 22 § in the LVF, expose up to 50% of its value against a single company or to companies in the same company group. For investments in transferable securities and money market instruments pursuant to Chapter 5. 6 §, second section 1 and 2 in LVF, the Fund may expose the entire Fund value, including the value of any leverage in the Fund, in one company or companies in the same company group.

Securities lending

Securities loans may be included up to a maximum of 50% of Fund assets and given to a maximum of 50% of Fund assets. When calculating the limit on securities lending, securities received as collateral shall be disregarded. The Fund has been granted exemption from Chapter 25. 21 §, third section of the Financial Supervisory Authority (FFFS 2013:9) of Mutual Funds.

Short selling

The Fund may sell securities that it holds but does not own at the time of transaction (real short selling). The Fund may also sell securities that it does not possess at the time (illegitimate short selling). The Fund has been granted exemption from Chapter 5. 23 §, first section 3 in LVF.

§ 5.3 Level of risk and risk measures

The AIF-Manager strives for the Fund's average level of risk utilization, as measured by annualized standard deviation over a

rolling twenty-four month period, to be 4 to 8 percent. It should be noted that the actual risk level may be exceeded or sub-seeded in unusual market conditions or extraordinary events.

§ 5.4 Value at Risk model

The Fund's overall exposure is calculated using an absolute Value at Risk-model (VaR) with a parametric calculation method. The risk in the Fund may not exceed 20 percent. The calculation uses a time horizon of one month (20 Banking Days), and a confidence interval of 99 percent. This can be expressed as the Fund's monthly results 1 month out of 100 is expected to result in a loss of 20 percent or more. Should VaR exceed 20 percent, the AIF-Manager must as soon as possible ensure that VaR is reduced back to below 20 percent.

§ 6 Markets

The Fund may invest in any regulated market or trading platform within the EEA or in an equivalent market or trading platform outside the EEA. Trading may also be conducted in another market within or outside the EEA that are regulated and open for the public.

§ 7 Special Investment Policy

§ 7.1 Transferable securities and money market instruments under Chapter 5. 5 § LVF

The Fund may invest in such securities and money market instruments referred to in Chapter 5. 5 § in LVF.

§ 7.2 Derivatives

The Fund may, as further described in § 5 above, invest in derivative instruments (including OTC derivatives in accordance with Chapter 5. 12 § second section in LVF) as part of its investment policy. The Fund may also, in accordance with Chapter 12. § 13 second section LAIF, invest the Fund's assets in derivatives where the underlying asset is comprised of or relating to commodities conditional that such derivative instruments are traded on a financial market and does not entail an obligation to deliver or receive the underlying asset.

§ 7.3 Investment techniques and other instruments

The Fund may create leverage in the Fund, as further described in § 5 above, and make use of such techniques and instruments referred to in Chapter 25. 21 § of the Swedish Financial Supervisory Authority Directive (2013:09) for investment Funds.

§ 8 Valuation

§ 8.1 Valuation of the Fund's assets

The Fund's value is calculated from the Fund's assets by subtracting the liabilities of the Fund.

The Fund's assets comprise:

- Financial instruments.
- Cash instruments.
- Accrued interest.
- Accrued dividends.
- Unsettled sales
- Other assets and accruals relating to the Fund

The Fund's liabilities consist of:

- Compensation to the AIF-Manager
- Remuneration of the Custodian.
- Unsettled purchases.
- Tax liabilities.
- Other liabilities related to the Fund

The Fund's assets are valued at current market value.

Market value of listed instruments shall be determined based on the closing price of holding on the balance sheet date. If the closing date is not a trading day, the corresponding of the last trading day prior to the closing date shall be applicable.

Unlisted securities that are actively traded on an established market which the AIF-Manager deems reliable, shall be valued in the same way as listed securities. What should be considered is partly the marketplace the holding is traded upon, and partly how the trading activity is for the particular holding.

An unlisted holding that is not considered to be traded in an active market can be valued by using a valuation technique. Valuation techniques include the use of recent transactions between independent knowledgeable parties in the market and who have an interest in closure of the transaction, and are motivated by normal business considerations. It should, primarily, be done by deriving a market value by building on similar transactions that took place under similar market conditions recently. Generally, listed and unlisted holdings shall be valued by the AIF-Manager according to objectivity. This can be done by obtaining market prices from non-approved regulated markets or so-called market maker or to equate the holding with another security or index by adjusting for differences. If the valuation technique cannot be applied or is obviously misleading, the AIF-Manager shall use a valuation method established in the market. For Fund investments, the valuation shall be based on the most recently adopted NAV of the Fund investment.

For OTC derivatives under Chapter 5, § 12, second section LVF, the valuation shall be based on last traded price or, if not available, last bid price. If such prices are lacking, the market value will be determined on an objective basis, for example through the use of generally accepted valuation methods:

Transferable securities pursuant to Chapter 5, § 5 LVF which are traded in an active market shall be valued in accordance to other listed holdings. Transferable securities pursuant to Chapter 5, § 5 LVF that are not traded in an active market are valued by obtaining information about recent transactions between independent knowledgeable parties in the market. This can be done by obtaining market prices from unapproved regulated market / trading or so-called market maker. Market valuation shall be made on an objective basis.

Money market instruments included in Chapter 5, § 5 LVF that are traded in an active market are valued at the closing price paid. If there is no such price available, the mean of today's latest bid and ask price shall be used. For money market instruments pursuant to Chapter 5, § 5 LVF that are not traded on an active market, the fair value is based on the available quoted price from recent bid and ask prices. If reliable price quote is missing, the market value of the instrument is determined by referring to corresponding quotations of instruments with similar maturities, adjusted for differences in credit risk, liquidity, etc.

§ 8.2 Valuation of units

The value of a unit is the Fund's assets divided by the number of outstanding units. In calculating the Net Asset Value, rounding of two decimal places occur (rounding upwards if the third decimal place is five or greater, otherwise downwards). The value of a unit is calculated the last Banking Day of each month ("Trading Day"). In this regard, the Fund has granted exemption from Chapter 4, § 10, fifth section LVF.

"Banking Day" means a day in Sweden that is not a Sunday or public holiday or the equivalent of a public holiday (such equivalent days is currently Saturdays, Midsummer Eve, Christmas Eve and New Year's Eve).

The AIF-Manager has pursuant to § 10, the possibility to temporarily postpone the calculation and publication of the net asset value.

§ 9 Subscription and redemption of units

§ 9.1 Subscription and redemption

Subscription (unitholder subscribing) and redemption (unitholder redeeming) may occur every Trading Day (please refer to § 8 above for the definition of Trading Day). Only the feeder Funds listed in § 1 may subscribe to the Fund.

A unitholder must notify the AIF-Manager, or a company assigned by the AIF-Manager, that a subscription or redemption shall occur and in what amount.

Notifications of subscriptions and redemptions may not be limited nor revoked unless the AIF-Manager would allow such.

For redemptions, repayment of proceeds shall occur as soon as the Fund has received underlying holdings, but no later than ten banking days after the Trading Day. If Funding of the redemption proceeds requires the AIF-Manager to sell financial instruments held by the Fund, such selling shall occur as soon as possible. Should such selling significantly harm the interests of the other unitholders, the AIF-Manager may after notification to the Swedish FSA postpone such sale as further stated in § 10. The AIF-Manager has according to details stated in §10 in addition the possibility to temporarily suspend the Trading Day for redemptions.

§ 9.2 Cut-off for subscription and redemption

Subscription notice shall be submitted to the AIF-Manager two Banking Days prior to the Trading Day, no later than 3pm (15.00). Payment for the units shall be available on the Fund's bank account no later than two Banking Days prior to the Trading Day. Should a subscription notice arrive after the defined cut-off time, or if payment is not available on the Fund's accounts within the stipulated time, the AIF-Manager will execute such subscription notice at the subsequent Trading Day.

Redemption notice shall be submitted to the AIF-Manager two Banking Days prior to the Trading Day, no later than 3pm (15.00). Should a redemption notice arrive after the defined cut-off time, the AIF-Manager will execute redemption notice at the subsequent Trading Day.

§ 9.3 The subscription and redemption price

Subscriptions and redemptions are based on the NAV (net asset value) of the Fund at the Trading Day (according to § 8). The NAV at the Trading Day is not known when the request for subscription and redemptions are provided to the AIF-Manager. The AIF-Manager has according to § 10 the possibility to temporarily suspend the calculation of the subscription and redemption price.

§ 9.4 Miscellaneous

The NAV is published at the AIF-Manager's website, but can also be published through other media.

§ 10 Extraordinary circumstances

In the event of extraordinary circumstances that would result in an inability to sufficiently evaluate the Fund's assets and thereby not securing the unitholders interests, for example due to a market or several markets in which the Fund trades are fully or partially closed, the AIF-Manager may, upon notification to the FSA, postpone the date of the calculation and publication of the NAV (§ 8), defer the Trading Day as well as the calculation of the subscription price or redemption price (§ 9), until trading has resumed.

§ 11 Fees and costs

§ 11.1 Fees for subscription and redemption

The AIF-Manager does not charge any fees for subscription or redemption to the Fund.

§ 11.2 Management fee

The AIF-Manager does not charge any management fee for the Fund.

§ 11.3 Other Fees

Any transaction costs, such as taxes, delivery and other costs arising from the Fund's assets and the purchase and sale thereof, shall be borne by the Fund.

§ 12 Dividends

The Fund will, in general, not pay out any dividends. The AIF-Manager may however decide on a dividend to the unitholders, if it, according to the AIF-Manager's assessment, is necessary in the common interest of the unitholders. Dividends are then paid to the extent and on the day considered appropriate. For such dividends, the AIF-Manager will, after any deductions for withholding tax, purchase new units on the unitholder's behalf, based on the registered unitholders of the Fund on the day in question. At the request of a unitholder, the dividend - after any taxes - shall instead be paid in cash to the unitholder. Such request shall be made to the AIF-Manager by the date decided by the AIF-Manager.

§ 13 The Fund's fiscal year

The Fund's fiscal year is a calendar year.

§ 14 Semi-annual and annual reports, and amendments to the Fund statutes

The AIF-Manager must submit a semi-annual report for the fiscal first six months, within two months of the half-year-end and an annual report for the Fund within four months of the fiscal year. The reports will be sent free of charge to the unitholders who so request and will be available at the AIF-Manager and the Custodian.

Changes in the Fund statutes may only occur following the formal decision of the AIF-Manager's Board of Directors and is always subject to the pre-approval by the FSA. Such changes shall be made publicly available at the AIF-Manager as well as at the Custodian, and in addition published in other formats as may be instructed by the FSA.

§ 15 Pledging and transfer of units

It is not allowed to pledge or transfer units in the Fund.

§ 16 Limited liability

The AIF-Manager is not liable, nor the Custodian, for any damages resulting from Swedish or foreign enactment, Swedish or foreign government action, acts of war, strikes, blockades, boycotts, lockouts or other similar circumstances. The reservation in respect of strikes, blockades, boycotts and lockouts shall also apply if the AIF-Manager or the Custodian is subject to or take such action. Losses incurred in other cases shall not be reimbursed by the AIF-Manager nor the Custodian, if they have acted within normal diligence. The AIF-Manager and the Custodian shall under no circumstances be liable for indirect damage, unless the collateral damage has been caused by the AIF-Manager's or the Custodian's gross negligence. Nor shall the AIF-Manager or the Custodian be liable for any damage caused by unitholder or any other party violating law, ordinance, regulation or these Fund

statutes. Unitholders are hereby made aware that they are responsible for that the information and documentation that they provide to the AIF-Manager is correct and duly signed and that they immediately must inform the AIF-Manager of any changes regarding the information provided.

The AIF-Manager and the Custodian shall not be liable for any damage caused by - Swedish or foreign - regulated market or other markets, custodian, central securities depository, clearing organization, or others providing similar services, nor of principal (outsourced function to third party) by the AIF-Manager or the Custodian. The same applies to damage caused by the above organizations or contractors becoming insolvent. The AIF-Manager and the Custodian shall not be liable for any damages incurred by the Fund, unitholders of the Fund or others, as a result of the disposal restriction that may be imposed on the AIF-Manager or Custodian regarding financial instruments.

Should the AIF-Manager or the Custodian be hindered to fully or partially enforce action due to circumstances stated above, the action may be postponed until the obstacle is removed. If the AIF-Manager or the Custodian as a result of such a circumstance is prevented from executing or receiving payment, the AIF-Manager or the Custodian shall not be liable to pay penalty interest to the unitholder. Similar exemption from the obligation to pay interest exist also if the AIF-Manager under § 10 temporarily postpone the date of valuation, subscription and redemption of units.

The unitholder may in certain cases be entitled compensation rights, despite what is defined above, as defined under Chapter 8, §§ 28-31 and Chapter 9, § 22 LAIF.

These Fund Statutes were approved by the AIF-Manager's Board of Directors on October 4th 2017.
